The Democrats have neither the nor
hope in this caucus.
The Republicans are on the stump, and
the Democrats a stump.
Mr. Sexton still insists he is in the hands
of the people. We predict that after the
election he will think he has been in pretty
rough hands.
General Logan and Hon. R. S. Tutbill of
Chicago, will arrive in Janesville this
evening on the 8:45 train, and will speak
to-morrow.
The Evening Wisconsin remarks: "The
Democrats of the Second district of Rock
county have made arrangements for their funeral
by nominating a Sexton for the assembly.
It is to be prepared in advance for the
inevitable.
The Republicans in the city should turn
out en masse to-morrow afternoon to hear
Zach Chandler and General Harburt. Zach
is a veteran on the stump and can make
an audience roar with laughter and cheer
with delight, equal to any public speaker
in this country.
Stephen A. Douglas, Jr., the youngest
son of the immortal Douglas, who would
never condone disloyalty, has removed
from North Carolina to Chicago, where he
will engage in the practice of the law. Mr.
Douglas was born in North Carolina, where
his mother was also born and raised. After
the war young Douglas went to North
Carolina and took up his residence there
and became a pronounced Republican.
He held office under the National
administration, was a Grant elector in 1872,
and a Hayes elector in 1876. He had his
father's patriotism and his courage, and did
all in his power to act the man both as an
official and as a lawyer. Notwithstanding
he was the son of one of the greatest states-
men in this country, and was himself a
man of unblemished reputation, he was
finally compelled to leave his
native State, for the reason
that socially and politically he was held in
contempt by those who control the politics
of the State. He was not permitted to
even go about his business in quiet, and
therefore returns to the home of his father.
This is the condition of things as existing
in North Carolina under the administration
of the Democratic party.
THE SCHOOL SUPERINTENDENTS.
In the First District, the Republicans
re-nominated Mr. J. W. West for School
Superintendent. He has filled that office so
wisely and satisfactorily, that the Demo-
crats refused to put a candidate against
him. This is quite complimentary to a
faithful and industrious official.
In the Second District the Republican
Convention nominated Mr. William
Jones, of Clinton. He is a gentleman of
education, has had experience in teaching,
and thoroughly understands the nature and
needs of our school system. The Demo-
crats made no nomination in the District.
An effort is being made, however, to run
an independent candidate. The Republi-
cans should not be lured into voting any
split ticket. Mr. Jones is one of the most
capable men in the county for the position
for which he has been nominated, and
every member of
the party in the District should give him his
earnest support, and not throw away his
vote by voting for independents. This is a
time when Republicans should be Republi-
cans indeed, when they should pull to-
gether and bring out the party's fullest
strength. The sober-minded, the observ-
ing, and the intelligent Republicans will
see the wisdom and the necessity of this
position.
THE STATE TICKET.
When public officers have been faithful
to their trusts, when they have carefully
protected the people's interest and safely
guarded the public treasury, when they
have been diligent in business, fervent
in doing their duty, when they have shun-
ned all political scandal, and when they
have won the confidence of the people,
are there any reasons why such men
should not be re-elected and permitted to
continue in the management of the affairs
of the State?
Without an exception, the administra-
tion of Governor Smith has been one of
the cleanest and most satisfactory Wiscon-
sin ever had. No one can name its super-
ior. This can not only be said in regard
to the Governor, but it can be truthfully
said of each gentleman on the State ticket.
Each has done his part in making the ad-
ministration an honorable and a successful

THE NEWS.
Senator Chandler Addresses an Immense Crowd at Milwaukee.
We illustrated this by official figures a few days ago, but let us reproduce them that the reader may not forget the achievements of the present administration. What the people contribute toward the support of the State, is paid in the State tax which is levied each year. Now observe what has been done during the first year of Governor Smith's administration:
1870—State tax proper.....\$730,673 24
1871 do.....621,143 10
1872 do.....708,291 58
1873 do.....671,588 38
1874 do.....586,645 53
1875 do.....589,798 33
1876 do.....612,882 95
1877 do.....554,911 13
1878 do.....561,639 91
1879 do.....550,271 39
These figures which are official, and therefore can be relied upon, show that the State tax, for 1879, is seventy-five thousand dollars less than in any previous year since 1870. Official figures also show that the expenses for the last fiscal year were nearly two hundred thousand dollars less than they were during Governor Taylor's accidental administration. These are facts which should be considered carefully by every man who takes any interest in the manner in which the business of State is transacted. They show that the opposition has no grounds on which to base its claims for success. They prove that the Republican administration should be re-elected, and that it is entitled to the unanimous vote of the party and the support of every tax-payer in the State.
These are facts which address themselves to all candid men and independent voters. These facts are what make the Democratic ticket powerless to raise the least possible hope. These facts have confronted the Democratic speakers at every point, and they will insure the overwhelming defeat of the party. Notwithstanding the doom which awaits the Democratic ticket, the Republicans should be all the more vigorous and enthusiastic, that the State ticket may receive the majority it deserves.
THE ASSEMBLY NOMINATIONS.
The nominations made for the Assembly by the Republicans of Rock county are such as to claim the respect and confidence of the party. They are men of more or less experience in public affairs, are men of intelligence, solid character, and personal influence. For these reasons each should draw out the full vote of the party and win its solid support.
Mr. R. J. Burdge, of the First District, has been nominated for a second term. Last year he was one of the working members of the Assembly, was judicious yet firm in his actions, regarding the measures which came up for consideration, and took a leading part in all committee work. He gave general satisfaction while serving his first term that the Republicans of his District will soundly endorse his re-nomination, and will give him their united support. His majority last year over Mr. Osborne, Democrat, was 695.
The Second District Republicans have put before the people for the Assembly, Mr. Frank S. Lawrence, of this city. This is a nomination that claims the good opinion of all the Republicans in the District. For several years Mr. Lawrence was in the office of the Secretary of State, and during that time became thoroughly acquainted with the business of the State and all matters pertaining to the State institutions. Aside from this, he is well informed as to the rules governing the Legislature and in parliamentary law, which will enable him to occupy a leading position among the Republican members. He has a large acquaintance throughout the State, and his personal strength will enable him to successfully attend to general legislation, and especially to that which more closely concerns the people of this District. There is no doubt as to his election, but there should be no falling in over-confidence. Every Republican voter in the District should go to the polls, and cast his vote for Mr. Lawrence. Last year, when Mr. Lovejoy was elected over Mr. Church, he received 476 majority. Mr. Lawrence should not go below these figures.
Dr. S. L. Lord is the Republican nominee in the Third District. There is not a man in that part of the country who can more ably and wisely represent the District, than Dr. Lord. He is a man of fine abilities, an aggressive Republican, of unshaken integrity, and personally is strong and popular among his neighbors. An effort has been made on the part of a few of his enemies to injure him before the people by circulating false reports about him. This aroused the indignation of his friends, irrespective of party, and the result will be found in the shape of a memorial signed by 300 leading citizens. Where he is known best there he is most esteemed and honored. No slanderers can hurt him, and if we do not mistake public sentiment and misjudge the feeling of the people in his part of the District, he will receive nearly a unanimous vote in Fulton and Porter. Of course the Doctor can not be beaten, but the Republicans should see that his endorsement is solid and flattering, and creditable to him and an honor to the District. Last year Mr. Gardner defeated the Democratic nominee by 753 majority. This was a handsome victory for Mr. Gardner, but let the Republicans raise the figures a little this year.
Revival in Trade.
There has been a great revival in trade at Sutherland's. One reason is, he keeps the most complete line of both staple and fancy goods to be found in the State, and sells at reasonable prices. Call at Sutherland's for good and nice goods.

THE NEWS.
Senator Chandler Addresses an Immense Crowd at Milwaukee.
His Milwaukee Speech.
MILWAUKEE, Oct. 28.—The Hon. Zach Chandler, of Michigan, spoke this evening, to an immense audience in the Academy of Music in this city. The meeting was presided over by Gov. William E. Smith who introduced the speaker of the evening in a brief and patriotic address. The State Central Committee having arranged for three speeches from Senator Chandler, it was thought fitting that he should deliver the first of the series in this city. The reception he received was befitting the character and reputation of the speaker. The effort was an able one, and was enthusiastically received. He spoke for two hours, and held his audience spellbound during that time.
BURNING BALES.
A Large Quantity of Cotton Awaiting Transportation Destroyed.
RICHMOND, Va., Oct. 28.—Intelligence was received here to-night that a fire was raging at West Point on the cotton platform of the Richmond, New River and Chesapeake Railroad upon which were 2,000 bales of cotton awaiting transportation Northward. The fire originated in the cotton, and the flames spread to the extensive wharves, adjoining the platform. One of the Baltimore steamers being at the wharf, the dummy pumps were put to work, and kept the fire in check for a time, but at last accounts a stiff wind was blowing, and the total destruction of the wharves was threatened. A steam fire engine from this city has been sent. When the fire first broke out a heavy force at once set to work removing the cotton, but the latest reports state that 1,000 bales then burning.
A BALLOON.
ROCKFORD, Oct. 28.—About 10:30 this forenoon the scholars of the Rockford East Side School discovered at a great height in the sky a large balloon. It was first seen in the south at an angle of about 75 degrees from the horizon. It was sailing very swiftly toward the northwest and passed from sight in about fifteen minutes. There were but few clouds in the sky, and the sun was shining brightly. It appeared to be far above the clouds. At five o'clock in the afternoon the balloon was again discovered and watched by a good many. This time it appeared in the northwest and passed to east. Parties who saw it at both times inform your correspondent that it was much nearer the last time. The car was plainly visible, and some even affirm that they could distinguish a dark object on the side of the car. It is supposed here to be the missing balloon "Pathfinder."
THE CAPTIVES.
Of the Ute Indians Surrendered to Agent Adams.
DENVER, Col. Oct. 28.—A special to the Tribune from Alamosa, 300 miles south of Denver and the terminus of the Rio Grande Railway, says the woman and children, recent captives among the Utes, arrived there at 4 p. m., where they will remain for a few days before proceeding to Denver. They were surrendered to Special Agent Adams, after a party of five hours, at a camp on a tributary of Grand River on the 21st, and on the morning of the 22d started homeward, proceeding through the Indian country in care of employees of the Lapins Agency to Ouray's house and agency, arriving at the latter place on the morning of the 25th. They started immediately homeward, and arrived at Alamosa, as above. The captives report that the money and papers which have been represented to be safe were destroyed or taken by the Utes. Miss Meeker's life was once threatened by Douglas, who placed a gun to her head, but she did not flinch and told Douglas she was neither afraid of the Indians nor death and she skulked away. The woman agree that they owe their safety to one woman, Susan, wife of Johnson, and sister of Ouray, who protected them at all times, even going into the council—an unprecedented move for a woman among the Indians—and raising her voice for the release of the prisoners.
SAVED HIS NECK.
HARRISBURG, Pa., Oct. 28.—At a meeting of the Board of Pardons to-night, John O'Neil, who was to be hanged at Sunbury on November 6, had his death penalty commuted to imprisonment for life. O'Neil was to have been executed with Peter McManus on the 9th of October, but the Governor granted him a respite of four weeks at the instance of his attorneys and others, who expressed a belief that McManus would make a dying statement declaring O'Neil innocent. But the commutation was asked for and recommended on the ground that the prisoner is of unsound mind. It is probable that other arrests will soon be made of parties suspected of having participated in the murder of which McManus and O'Neil were convicted.
SCHUYLER COLFAX.
BALTIMORE, Oct. 28.—Schuyler Colfax delivered his lecture "Across the Continent" to-night at Masonic Temple, for the benefit of the Masonic Library. President Hayes, Postmaster General Key and General Hawley, Assistant Secretary of the Treasury, were present, and occupied seats on the platform, and before the announcement of the lecture were severally introduced to the audience by Mayor Latrobe. In the course of his lecture descriptive of Oregon, Colfax mentioned the name of Capt. Ulysses S. Grant and as having been once stated the many years ago. At the mention of Grant the voice of the speaker was stifled by the most vociferous and rapturous applause, which continued for some time. At the conclusion of the lecture there were loud calls for the President, and the audience remained in their seats, repeating the call until the President rose and bowed his respects. He was greeted with a hearty applause.
THOMAS' STATUE.
WASHINGTON, D. C., Oct. 28.—The Governors of all States have been invited to attend at the unveiling of the statue of Gen. Thomas. A second dispatch from Gen. Grant says he may be able to postpone other engagements and be at Washington on that occasion, though at first he thought it would be impossible to do so. Gen. Anson M. Cook, of New York, formerly of the Second Ohio, will be one of the speakers at the general meeting of the Society. The citizens have taken hold of the matter in earnest, and a large committee is doing all that need be done to make the unveiling a grand success. The military bands from Columbus, O., and the forts about New York and Baltimore harbors will be ordered here.
SUICIDE.
MILWAUKEE, Oct. 28.—Wm. Clauder, a young man whose home is in Wicklow county, Dakota, the guest of William Frankfort, a prominent German citizen, committed suicide this noon by shooting himself in the breast three times. Clauder was ill and depressed for several hours before the fatal deed. Frankfort had invited a large number of friends here and from the interior of the State to celebrate his 50th birthday, and festivities were about to commence when the dead body of the young man was borne into the room.
STARVED TO DEATH.
New York, Oct. 28.—The steamship England arrived this morning from Liverpool. When the cargo was about to be unloaded a man was found leaning against a crate, who faintly gasped out "Water." He was terribly emaciated and weak. He was asked if he had been all these days without food or drink, and he nodded once, shuddered and died. The England left Liverpool October 15, and the stewards must have been thirteen days without food or water.
LONG-DISTANCE RACE.
MADISON, Oct. 28.—A novel horse race took place here to-night between Jake VanEtta, proprietor of the Vilas House, with his mare, and J. C. Outler, speculator, with his black horse, the race being from Madison to Sun Prairie and return, a distance of twenty-four miles. Outler bet \$200 to VanEtta's \$100 that he could beat him twenty minutes. The race was won by VanEtta. Outler's time, one hour and thirty-five minutes; VanEtta's, one hour and fifty-four minutes. The race caused much interest.

Miss Lillian Lovell's Letter.
DEAR SUSY, your nice little note came to hand. A breath of fresh air in a sun-stricken land; how gay and delightful existence must be, in your sweet rustic cottage that looks on the sea. Among other questions you ask me, my dear, (for everything new comes to air itself here); is all that I know, or have heard or have seen, of the wonderful jelly they call VASELINE?
So I've studied it up, as the college boys say, and send the result without further delay. That queer and mysterious jelly renders the hair, a mile or two in the rocks under ground. But purified, scented, and fit for a queen. Is the germ of that blessing to man, VASELINE; I'm in love with it, Susy, as doubtless you see; As you (when I tell you its virtues) will be.
I fear, dearest Susy, you'll think it not true, If I tell you the wonderful things it can do; Like a veil of soft satin it renders the hair, And the skin like a lily, makes brilliant and fair.
It conquers neuralgia, asthma and croup; Sore throat and diphtheria kills at a swoop; While for cuts and eruptions there never was seen, Or for burn such a treasure as VASELINE.
And now, Susy dear, it is time to go and dress, (I will send you some Vaseline in my express). Then the hearts of beauty you will certainly win, You'll be LOVELY without as you're HEALTHY within.

THE GRAND RALLY.

The Arrangements Made For the Republican Mass Meetings To-Morrow—A Reception this Evening.

General John A. Logan, General S. A. Hurlburt, and Col. R. S. Tuthill will arrive this evening from Chicago, and arrangements have been made for giving them a public reception at the Myers house parlors from 9 o'clock to 10 o'clock, which will give an opportunity for all who desire to greet these gentlemen.

The meetings to-morrow are to be held in Burr Robbins' mammoth tent which is to be pitched on the hill opposite C. E. Moseley's residence, near the corner of Court and Sinclair streets, it being the same site on which was held the Blaine meeting three years ago.

The afternoon meeting will commence at 1:30 o'clock. Zach Chandler, General Hurlburt and others will address the meeting.

In the evening another meeting will be held at the same place commencing at 7 o'clock. General Logan, Colonel Tuthill and others will speak.

Let the tent be packed both afternoon and evening.

BRIEFLETS.

—Bright nights.
—To-morrow is to be a rouser.
—Neither Christiansen nor Mrs. Fogarty have made any more confessions of late.

—It's Apollo hall, and not the Young America hall, where St. Marys Fair is in progress.
—The city has been markedly fortunate about fires this fall. Look out for the flues the pipes and the ashes.
—The burdock suit of Fonda vs. Shimeal has been adjourned until Friday afternoon when the arguments will be heard.

—"Little Sandy"—This fine large portrait is on exhibition at the parlors of Glass the photographer. All are invited to call and see it.

—The case of the State vs. Dunn, in which the defendant is charged with running a gaming table in Turtle, has been adjourned until the 10th of November.

—Dimock & Hayner present in another column the names of a few of the insurance companies represented by them. Just read them over. They present a strong front.

—The city schools are moving along smoothly. Parents and others interested should drop in occasionally, and not only show their personal interest, but see for themselves what teachers and scholars are doing.

—The Catholic Fair at Apollo Hall is to be opened from 2 o'clock until 5 o'clock every afternoon this week, and every evening after 7 o'clock. The balloting will be kept up until half-past 11 o'clock Saturday night.

—J. H. Pierce, of Chicago, one of the publishers of the Western Magazine, is in the city, and makes the Myers' house his headquarters. The magazine is now in its third volume and seems to be growing better and better.

—"Brother Henricus," who has just served ten days for tramping it, having been sent up from Beloit, was released this morning, and went on his way begging money for some charitable institution which he claims to represent.

—There is to be a meeting of the business men of the city at the Council Chamber at half-past 8 o'clock next Friday evening to discuss matters of interest to all doing business in Janesville. It is desired that there be as large an attendance as possible.

—Douglas Smith, the telegraph operator at the Milwaukee and St. Paul freight depot, did us a good turn to-day. He climbed the Gazette flagstaff with the nibbles of a squirrel, and fixed the halyards so that we can fling the banner to the breeze again. Of course it was done well, for that's just like him.

—The Janesville District Conference will hold its semi-annual meeting at Court street church December 23 to 24 inclusive. A large number of ministers and church workers are expected to be present at that time. The programme as arranged devotes most of the time to the consideration of Sunday school interests.

—Dr. James, who has gained quite a notoriety here, has been on a spree again, and has been going from bad to worse until to-day he was loaded onto a dray and taken to jail by the Marshal. His silk tie was allowed to float down the river, the wind having blown it off. His glory being thus departed, what will become of him next no one knows.

—Charlie Carter of Johnstown, has been engaged as a salesman in McKee Bros' big dry goods store. Trade has become so lively there that the firm have been obliged to secure additional salesmen in order to handle the business, and properly meet the wants of customers. They have done well to secure Mr. Carter. He is widely known, is popular, understands his business, and is in fact a good man for the place in all respects.

—Last evening about 6 o'clock Willie Pember, son of R. T. Pember, was driving along near Dr. Whiting's, when the horse started on a run for the city. The boy held on with a good grip, and kept the galloping nag in the road, until after he had gone the length of Milwaukee street to near Carl's grocery store, when the horse turned and plunged toward the sidewalk. He collided with Mr. Pierson's buggy which was standing there, and a stop was made by the horse falling on the sidewalk. No serious damage was done, the top of Mr. Pierson's buggy being broken somewhat, and some damage being also done to Mr. Pember's buggy.

—The Fair of St. Mary's Catholic church opened at Apollo hall last evening. The attendance was good and the display was interesting. There were a great many different articles on exhibition and for sale, including many pieces of fancy work and

ornaments for the parlor and the toilet. The ladies have shown much enterprise and skill in providing and arranging the articles, and they will doubtless meet with good success in disposing of them. The polls were opened for votes to decide whether Mr. Vaskirk or Mr. Croft should have the gold watch and whether Mr. Griffiths or Mr. Fethers should have the gold headed cane. The voting will continue all the week. Marshal Russell has donated a silver castor to be given the lady receiving the most votes. The charge of admission is only a dime, and there will be many who will visit the Fair, as it presents a very pleasing appearance and has many attractions. The Temperance Band gave some good music last night and all who were present seemed to have an enjoyable time.

NEW GROCERY HOUSE.

C. W. Trott, formerly of the firm of F. S. Eldred & Co., has opened up at the old C. W. Storey stand, in the Ogden block, opposite the Myers house, East Milwaukee street, with a full and complete line of groceries and provisions, and is prepared to supply the public with all goods in his line at bottom cash prices. Mr. Trott has had a long experience in the grocery trade, and will make it to the interest of all to give him a call.

THREATENING TO KILL.

Richard Clark, of the town of Harmony, appeared before Justice Brooks last evening and swore out a peace warrant for John Malk, a Poleander, who is charged with having threatened yesterday afternoon to kill Clark with an axe. The dispute was concerning wages, Malk insisting that Clark, for whom he had been to work, owed him still about thirteen dollars, which Clark denied and refused to pay. Malk was arrested by Constable Taylor and Marshal Russell and taken to jail.

TRAVELERS, stop at the ASTER HOUSE, NEW YORK.

THE WEATHER.

REPORTED BY PRENTICE & EVENSON DRUGGISTS.

The thermometer at 6 o'clock last evening stood at 51 degrees above; at 1 o'clock a. m. to-day at 48 degrees above; at 7 o'clock a. m., at 42 degrees above; and at 1 o'clock p. m. at 52 degrees above. Clear. The indications to-day are, for the upper lake region, southerly to westerly winds, falling, followed by rising barometer, partly cloudy weather, with local rains in the northern portion.

WORTHILY WEDDED.

There was a wedding of unusual interest at the Pember house this afternoon. The bridegroom was Calvin Holton, of Windham, Vermont, and the bride was Mrs. M. P. King, of the town of Bradford, a sister of Mr. John Cummings, of Emerald Grove. Mr. Holton arrived to-day from Vermont, and the ceremony was performed in the parlors of the hotel by Rev. Mr. Jackson, in the presence of Mr. and Mrs. John Cummings, Mr. and Mrs. John Sparrack, Mr. and Mrs. William Davis, and Mr. and Mrs. Alva King, all of Bradford. The newly wedded ones proceeded to Bradford at once, where they will reside for the present. The bridegroom has reached the age of 71 years, and the bride 72 years, but they have young hearts, and will doubtless enjoy a large share of the great happiness which their friends wish for them.

A Blessing to Humanity.

We clip the following from the Republican, Allentown, Pa.: My wife suffered for years with rheumatism, and endured great pain. She used numerous remedies, but nothing would bring relief. A few months ago I procured a bottle of St. Jacob's Oil, and the results from the use thereof gave me cause to recommend the article to those suffering with the same complaint. The first application acted like a charm, and the occasional use of St. Jacob's Oil prevents the return of the former great and unbearable pain. I consider St. Jacob's Oil a blessing, and that too much cannot be said in its praise.

MILTON JUNCTION.

Mrs. Dr. Hall, of Lake Mills, Iowa, has been spending three weeks in town visiting relatives and friends. Mrs. Hall is a sister to Mr. R. B. Hall, of this town. She left for home on Monday.

Mr. Isaac Petersen, has been quite ill for a few days past, but we understand he is convalescing again.

—Landlord Stetson has purchased the Foster hotel, in this place, and proposes to close it as hotel. Saturday night last was the last night for the terms of sale for the closing of its doors in accordance with which Mr. Foster formally closed the hotel to the public. The hotel is a beauty in arrangement throughout, and reflects credit upon the taste and judgment of its builder and late proprietor.

It was opened to the public last May, since which time Mr. Foster has enjoyed a very liberal share of patronage, and at first was quite natural the lion's share of public patronage. Having a very flattering offer however, from the Milwaukee & St. Paul Railroad to occupy a mammoth hotel which that Company is desiring at the Stock Yards, near Milwaukee, where the business will probably aggregate much more than it could here, he very wisely sold out his house to Mr. Stetson, proprietor of the Morgan House, and thus quitting the business of the two hotels, which is much better for all concerned, and no disadvantage to the public, as the older hotel is able to accommodate all who come. While we regret losing Mr. Foster as a citizen we can but congratulate him upon the favorable change that seems to assure him increased prosperity.

—The maize festival on Monday evening came off as advertised, and was a grand success in every particular. The evening, which was a majority of those living outside the village at home. About one hundred persons were present and enjoyed the literary exercises presented by the ladies of the Mission Band, but still more the festival part of the entertainment, being a supper prepared largely of corn, in all the various methods in which that article was wont to be used as food in former days—baked corn, dried sweet corn and cream, popcorn, Johnnycake, hockeacake, pancake, and a number of varieties of real cake. It was a jolly feast, and one that we would do well to pattern after often.

—Mr. Willie Larkin left on Wednesday for Westley, Rhode Island, where he proposes to learn the trade of a machinist. Will is a sterling young man of high moral standing, and will win and deserve success in any department of life. His loss to society here, especially among the young people, will be severely felt, but the wishes of all will go with him. The young folks gave him a large farewell surprise on Tuesday evening at his home in this village.

—Every body is going to the mass meeting. General Logan is considered a big addition to the programme.

—Miss Nellie White and her sister, Miss

Ellis, of Janesville, were in town on Friday visiting friends.

—There is a temporary lull in the barley buying here for a few days.

—Thorpe Bros are putting on an addition to their store. We understand they propose to add a dry goods department to their stock.

—Mrs. Crawl is meeting with splendid success during this, his first term as principal of our graded school. He has the happy faculty of commanding discipline without having to enforce it.

—Mr. A. S. Dunham has purchased the Warren Thorpe farm lying four miles north of here on the Koshkonong road.

—Mrs. O'Connell has moved her millinery shop into the rooms over Mr. Spaulding's shoe store, where her patrons will find her in comfortable and convenient quarters.

HENRY TARRANT, Secretary.

THE CHURCH VS. THE ALMIGHTY.

To the Gazette:

Bro. Sewell gives emphatic utterance to the statement that "God said in the book that murderers should go into hell." If God has really said this, and has purposed it, then the Church has been and is doing its utmost and is meeting with remarkable success, in thwarting the Almighty; for at the lowest calculation nine-tenths of the convicted murderers are pronounced hopelessly converted, and are swung from the gallows into glory. Let us have no more of this fighting against God.

STOCK OPERATIONS THAT PAY.

The past few weeks have been prolific of immense percentages of profits at the New York Stock Exchange. The careful use of moderate sums in well manipulated stock transactions, which returned a legitimate gain on capital invested according to correct business principles. Great activity prevails in the market. The safest and most successful method for operating in a regular way is in financial Union by the Protective System of dealing in stocks, which affords absolute guarantees that cannot possibly be assured otherwise. The vast aggregates on the sales of shares that have recently attained such mighty proportions, have been chiefly promoted by the influence of this new element, which has produced results surprising to all. The conservative basis of this system is its great safety. To be sure the large profits that are secured so quickly in stock movements, there must be reasonable protection against sweeping risks. This is why the Protective System excels as a money-making system in New York each week. On Monday three gentlemen in New York each invested \$1,000 on Lake Shore stock by the Financial Union System, and on Thursday closed the contract with a net profit of \$5,375.47 for each investor. Tuesday a bank cashier in Philadelphia put \$250 in Protective Options on Northern western stock, and on Saturday closed the contract with \$12,553.73 profit. Early in the previous week the same gentleman invested his capital and invested \$250 on Michigan Central, and 10 days afterwards they acknowledged receipt of \$13,263.35 profit. The last week in July five farmers in Central New York invested \$500 each in Financial Union stock. Paul stock, and on Thursday, the 14th of August, they closed the deal and divided \$13,000 equally between them. A lady in one of the departments in Western Union and Lake Shore stocks, and made a profit of \$1,250 in five days. She drew out of the market with \$7,583.21 profit. A large brewer in St. Louis put \$250 in Protective on St. Paul and Northern stock, and in five days drew out of the market with a gain of \$14,958.37. These are examples of what has been accomplished in Financial Union by the Protective System of operating in stocks when good advice has been followed. With the present activity the prospects for gain are almost unlimited. Those who are interested are equally as good for catching the profit from fluctuations up or down as they occur. The Protective System of operating in stocks is a sure and profitable method, as it is invested with proportionate success by the Financial Union System on regular sales, that leave the investor in the hands of investors, with a definite knowledge at all times of just what their money is on, so that they can see at a glance what their profit or loss is at the day by day referring to market quotations. All operators are assured of straightforward treatment by the Financial Union System. Orders filled and information furnished by Messrs. IRVING, DIBBLE & CO., Bankers and Brokers, No. 19 BROAD STREET, NEW YORK CITY. oct1daw1w.
